» Advanced Call Recorder

Advanced Call Recorder records telephone conversations to your computer's hard disk. It stores calls as standard Windows sound files. Advanced Call Recorder can record conversations as long as your hard disk can store. The program is Caller ID compatible so there is no need to type numbers and names of calling parties.

The software has an option to start recording from a telephone line automatically whenever a receiver is put off. The program is compatible with Windows 98, ME, and Windows NT, 2000 and XP.

Providing you have a PC and a voice modem, you can use it to record any phone conversation such as business discussions, negotiations, or just conversations.

The main features of the program are:

- Windows-compatible application for recording calls from the telephone with Graphical interface
- Record calls to a hard disk as Windows sound files
- Record all calls automatically when a receiver is off-hook
- Maximum recording time limited only by size of your hard disk
- Compatibility with Caller ID service, which means that when an incoming call occurs the program automatically displays caller's number and name.

» Advanced Call Recorder Registration

Registration benefits:

- Registration code and instructions will be delivered to you by e-mail
- Registration reminder will never popup again
- The software will function always (instead of 30-days limited trial version)
- Free updates (i.e. from version 1.0 to 1.2), discounted upgrades (i.e. from 1.0 version to 2.0 version);
- Free e-mail technical support
- Discounts for other our products

The registration fee is only **\$19.95**. You will receive a registration code within 24 hours after your order has been processed.

When making an order, please have your credit card, postal address and e-mail address ready.

» Online ordering

This is the fastest and easiest way to order software products using credit card. Your credit card information is sent directly to the certified merchant provider in a highly secure manner. We protect you by ensuring that nobody but you and the automated credit card processor will see your credit card information. You can go directly to the order page:

 **Order the Fully Licensed Version of Advanced Call**

Recorder

» Ordering software bundles

Purchase two or more our software products and get 20% discount.

Please check software products you want to register:

- ☐ **Advanced Call Recorder**
- ☐ **Advanced StartUp Manager**
- ☐ **Beautiful Calculator**
- ☐ **Magic Basket**
- ☐ **Security Department**

☎ Fax or phone orders

These types of orders should include ALL information contained on the order form. Also you should tell the software name (Advanced Call Recorder) and the program ID 5066-10.

Telephone

- Toll Free: 877-353-7297
- Regular (International): 425-392-2294

Fax

- Toll Free: 888-353-7276
- Regular (International): 425-392-0223

☎ Paying by Check via Postal Mail

Please make check payable to "**Register Now!**". These types of orders should include ALL information contained on the order form except credit card information. Also you should tell the software name (Advanced Call Recorder) and the program ID 5066-10.

Please mail check to:

Register Now!
Dept# 5066-10
PO Box 1816
Issaquah, WA 98027
United States of America

For international checks, we would prefer the funds be drawn in US dollars. When this is not possible, we will accept checks for a corresponding amount in the country's currency.

Unfortunately, Eurochecks are not accepted.

Please note, that RegNow.com charges additional fee for processing telephone, mail and fax orders.

- Telephone Orders: \$3.00 each
- Mail and Fax Orders \$2.50 each

☎ Wire transfer (bank transfer)

You can also use the wire transfer (to our bank account); contact Rayslab Inc. (sales@rayslab.com) for more details.
